Profile Summary

A motivated and detail-oriented Computer Science and Information Technology student with a strong foundation in software development, data structures, and problem-solving. Proficient in programming languages such as C++, Java, and JavaScript, along with hands-on experience in full-stack web development using React.js and Node.js. Developed a Credit Card Interest Calculator project, demonstrating expertise in frontend design, backend integration, and database management. Passionate about learning new technologies and contributing to innovative projects. Certified in JavaScript and Full Stack Web Development, with a keen interest in solving real-world challenges through technology.

Education

- B.Tech in Computer Science and Information Technology SOA ITER, Bhubaneswar, Odisha (Expected 2026) CGPA: 8.25
- 12th Standard KV IIT (CBSE), Kharagpur, West Bengal (2022) 87%
- 10th Standard KV IIT (CBSE), Kharagpur, West Bengal (2020) 94%

Skills

- HTML
- JavaScript
- Node.js
- C++
- Java
- SQL

Project: Credit Card Interest Calculator – React.js Project

- **Project Description:** Developed a React.js-based web application to calculate **monthly interest** and **total payment** based on credit card balance, APR, and repayment duration.
- User Authentication: Implemented basic authentication for secure user access.
- Task Management: Enabled users to input, modify, and track their credit repayment details.
- Database Management: Integrated with a backend (e.g., Firebase, MongoDB) for storing user data securely.
- Frontend Design: Created a responsive and interactive UI using React.js, CSS, and Bootstrap.
- Frontend: React.js, JavaScript, HTML, CSS, Bootstrap.
- Backend (Optional): Node.js, Firebase, MongoDB.

Certifications

- JavaScript (Basic) HackerRank
- Full Stack Web Development Udemy
- Problem Solving (Basic) HackerRank
